APPENDIX I: COMMUNICATION GUIDELINES

Appendix I

ARTICLE I: AGREEMENT

- 1.1 This is an Agreement made and entered into between the Davis Joint Unified School District (hereinafter referred to as "District") and the Davis Teachers Association/CTA/NEA (hereinafter referred to as "Association").
- 1.2 This agreement shall remain in full force and effect from the date of ratification, up to and including June 30, 2026. The parties agree to the following reopeners for 2024-2025 school year, salary and benefits, calendar, up to three non-monetary articles selected by each party, and additional articles as mutually agreed upon. Negotiations for the successor agreement shall begin in the 2025-2026 school year.
 - 1.2.1 The Association and the District agree the Early Learning Center certificated staff will be bargained for as part of the regular contract negotiations.
- 1.3 The District recognizes the Association as the exclusive representative of all certificated employees, except: all management, supervisory, confidential and substitute certificated employees.
- 1.4 The Articles of this Agreement are effective as of the ratification date of this Agreement by the District and the Association, except as otherwise stated within the agreement.

ARTICLE II: NON-DISCRIMINATION

- 2.1 The Board shall not unlawfully discriminate against any bargaining unit member on the basis of race, color, creed, age, sex, national origin, political affiliation, location of residence, marital status, sexual orientation, disabilities, and membership in an employee organization or participation in the activities of an employee organization. The Board and the Association agree that the terms and conditions of the agreement will not be arbitrarily and capriciously enforced.
- 2.2 Should a bargaining unit member elect to pursue an alleged violation of the above provision in any form other than the contractual grievance procedure, the unit member waives any right to use the grievance procedure and frees the District from any obligation to process a grievance.

ARTICLE III: GRIEVANCE AND ARBITRATION PROCEDURES

3.1 General Provisions

- 3.1.1 A grievance is defined as an allegation by a unit member or the Association that the District has violated, misapplied, or misinterpreted a specific term of this Agreement and that by reason of such violation the grievant believes that unit member rights have been adversely affected. All other matters and disputes of any nature are beyond the scope of these procedures. Also excluded from these procedures are Article XXIII, District Rights and those other matters so indicated elsewhere in this Agreement.
- 3.1.2 The respondent in all cases shall be the District itself rather than any individual. The filing or pendency of a grievance shall not delay or interfere with implementation of any District action during the processing thereof.
- 3.1.3 For the purposes of this article, a day shall mean a day when the unit member is required to be on duty.

3.2 Informal Level

Before filing a formal written grievance, the grievant shall make a reasonable attempt to resolve it by means of an informal conference with the grievant's immediate administrator. Either the grievant or immediate administrator may have a witness present at said informal conference providing reasonable advance notice is given to the other party.

3.3 Level I

- 3.3.1 If an employee or the Association wishes to initiate a formal grievance, the employee or Association must do so within twenty five (25) workdays after the occurrence of the act or omission giving rise to the grievance by presenting such grievance in writing to the immediate administrator. If neither the grievant nor the Association had actual or constructive knowledge of the occurrence of the grievable act or omission, and could not with the exercise of reasonable diligence have known about it, then the twenty five (25) day time limit shall begin to run on the date upon which either the grievant or Association knew or could with reasonable diligence have known of the occurrence.
- 3.3.2 The written statement shall be a clear and concise statement of the grievance, including the specific provisions of the Agreement alleged to have been violated, misapplied or misinterpreted; the circumstances involved; and the specific remedy sought. The written statement described herein shall be submitted on a jointly-developed Grievance Form provided by the District, and said statement shall not be changed at later levels of the grievance and arbitration procedure, as described in this Article.
- 3.3.3 Either party may request a personal conference with the other party. The administration shall communicate a decision to the employee in writing within ten (10) workdays after receiving the grievance and such action will terminate Level I.

3.4 Level II

- 3.4.1 In the event the grievant is not satisfied with the decision at Level I, the grievant may appeal the decision in writing to the Superintendent or designee within ten (10) workdays after the termination of Level I.
- 3.4.2 This written appeal described herein shall be submitted on a Level II Grievance Form provided by the District, and shall include a copy of the original grievance, the decision rendered at Level I, and a clear, concise statement of the reasons for the appeal. Either the grievant or the Superintendent or designee may request a personal conference.
- 3.4.3 The Superintendent or designee shall communicate a written decision within ten (10) workdays after receiving the appeal and such a decision will terminate Level II.

3.5 Level III - Mediation

- 3.5.1 If the Association or District elects, the grievance may be referred to a mediator from the State Mediation and Conciliation Service (SMCS). If either the District or the Association elects to go to mediation, the party so electing must notify the other party in writing within thirty (30) days following the Level II decision. Both the Association and the District agree to participate in the process in good faith in an attempt to reach an equitable resolution.
- 3.5.2 Either the District or the Association may contact SMCS for the assignment of the mediator. A meeting will be scheduled as soon as calendars can be arranged.
- 3.5.3 If the Association and the District agree, they may use an alternative to the SMCS.
- 3.5.4 Other than the costs for a mediator which are to be borne equally, each party shall pay its own costs.

3.6 Arbitration

- 3.6.1 A grievance which is not settled at Level III, and which the Association desires to contest further, shall be submitted to arbitration as provided herein, but only if the Association gives written notice to the District of its desire to arbitrate the Grievance within ten (10) workdays after the termination of Level III. It is expressly understood that the only matters which are subject to arbitration are grievances as defined above which were processed and handled in accordance with the limitations and procedures of this Article. Processing and discussing the merits of an alleged grievance by the District prior to Level II shall not constitute a waiver by the District of a defense that the dispute is not grievable. Furthermore, District failure to raise such an arbitrability or grievability issue at Level I shall not constitute a waiver of non-arbitrability or non-grievability at subsequent levels of this procedure.
- 3.6.2 Upon the mutual and written agreement of the District and the Association, the parties may elect to utilize the expedited arbitration procedures of the American Arbitration Association.

- 3.6.3 Selection of Arbitrator The District and the Association agree to request from the State Mediation and Conciliation Service a list of arbitrators qualified to render a decision in the public schools of California. The order of striking shall be determined by lot. The last name remaining shall serve in accordance with the procedures of SMCS. If either the District or the Association wants to reject the entire list before striking, a request for another panel will be forwarded to SMCS. If for some reason that arbitrator cannot serve, a new list shall be requested from SMCS and the above process begun again.
- 3.6.4 Motion To Dismiss The District may claim that a grievance should be dismissed because, for example, it falls outside the scope of the procedure, or was filed in violation of the time limits provided for herein, or that the dispute has become moot, or that a party has breached the confidentiality provisions.
- 3.6.5 Limitations Upon Arbitrator The arbitrator shall have no power to alter, amend, change, add to, or subtract from any of the terms of this Agreement, but shall determine only whether or not there has been a violation, misapplication or misinterpretation of this Agreement in the respect alleged in the Grievance. In determining whether the District has violated an express term of this Agreement, the standard of review for an arbitrator is to be whether the District acted in an arbitrary, capricious or discriminatory manner. The decision of the arbitrator shall be based solely upon the evidence and arguments presented to him by the respective parties in the presence of each other, and upon arguments presented in briefs.
- 3.6.5.1 This Agreement constitutes a contract between the parties which shall be interpreted and applied by the parties and by the arbitrator in the same manner as any other contract under the laws of the State of California. The function and purpose of the arbitrator is to determine disputed interpretation of terms actually found in the Agreement, or to determine disputed facts upon which the application of the Agreement depends. The arbitrator shall therefore not have authority, nor shall he consider it his function, to decide any issue not submitted or to so interpret or apply the Agreement as to change that which can fairly be said to have been the intent of the parties as determined by generally accepted rules of contract construction. Past practice of the parties in interpreting or applying terms of this Agreement may be considered relevant evidence. The arbitrator shall not render any decision or award, or fail to render any decision or award, merely because in his opinion such decision or award is fair or equitable.

Except for grievances which state a continuing violation of the agreement disputing pay or benefits, no decision rendered by the arbitrator shall be retroactive beyond the beginning of the fiscal year prior to the twenty (20) day period specified in Level I of the grievance procedure. The arbitrator shall have no power to render an award on any grievance occurring before or after the term of this Agreement.

The arbitrator may hear and determine only one grievance at a time unless the District expressly agrees otherwise. However, both parties will in good faith endeavor to handle in an expeditious and convenient manner cases which involve the same or similar facts and issues.

3.6.6 Arbitrator's Decision

3.6.6.1 The decision of the arbitrator within the limits herein prescribed shall be final and binding on all parties.

3.6.6.2 In all cases the grievance and arbitration procedure described above is to be the Association's and a unit member's sole and final remedy for any claimed breach of this Agreement.

3.6.7 Expenses All fees and expenses of the arbitrator shall be shared equally by the parties. Each party shall bear the expenses of the presentation of its own case.

3.7 Failure To Meet Time Limits

Time limits hereunder may be lengthened or shortened in any particular case only by mutual written agreement. The parties will attempt in good faith to adjust time limit problems which occur above Level I as a result of the summer recess. Failure to meet time limits by the District shall mean that the grievance may be automatically advanced to the next level.

3.8 Association Representation

In situations where the Association has been requested in writing not to represent the grievant, the District shall not agree to a final resolution of the grievance until the Association has received a copy of the grievance and the proposed resolution and has been given the opportunity to state its views on the matter.

3.9 Reasonable Release Time

Grievance meetings normally will be scheduled by the District so as not to conflict with assigned duties. However, if the meeting is expected to be of such duration that it would extend beyond the normal business hours of the District's Central Office, the District shall provide released time with no loss of pay to one authorized representative of the Association so that the session can be accommodated within such business hours.

3.10 Confidentiality

In order to encourage a professional and harmonious disposition of unit members' complaints, it is agreed that from the time a grievance is filed until it is processed through arbitration, neither the grievant nor the Association nor the District shall make public either the grievance or evidence regarding the grievance.

3.11 No Reprisal

There shall be no reprisal against a unit member for filing a grievance or assisting a grievant in the above procedure. There shall be no reprisals on the behalf of the Association or its unit members against unit members who testify against Association positions or otherwise render assistance to management.

3.12 Grievance Files

The District's records dealing with the filing and processing of a grievance shall be maintained separately from the grievant's personnel file and the name of the grievant struck from uses of the materials/records.

- 3.13 The District and the Association agree to participate in a joint committee charged with evaluating the efficiency of the grievance process. There will be equal representation on the committee, not to exceed three members of either party. All findings and recommendations shall be forwarded to the Association and the District.

ARTICLE IV: PROFESSIONAL DUES OR FEES AND PAYROLL DEDUCTIONS

- 4.1 The District and the Association recognize the right of employees to form, join, and participate in lawful activities of employee organizations and the equal alternative right of employees to refuse to form, join, and participate in employee organizations. Neither party shall exert pressure on or discriminate against any employee for exercising or not exercising the membership, participation or organizational activities rights guaranteed herein or for membership or non-membership in the Association.
- 4.2 The District shall deduct from the pay of Association members and pay to the Association the normal and regular monthly Association membership dues as voluntarily authorized in writing by the employee on the District form subject to the following conditions.
 - 4.2.1 Such deduction shall be made only upon submission of the District form to the District Payroll Department, duly completed and executed by the employee.
 - 4.2.2 The District shall not be obligated to implement any new Association monthly dues deduction until the pay period commencing not less than thirty (30) workdays after such submission.
 - 4.2.3 The District shall, on a monthly basis, draw its order upon the funds of the District in favor of the Association for an amount equal to the total of the dues deduction made during the month and shall furnish the Association a list of all employees affected, together with the amount deducted for each.
 - 4.2.4 An employee may terminate Association membership or voluntary dues deduction authorization at any time, but will still be subject to the service fee provisions of 4.3.2. Said deduction cancellation shall be effective on the pay period commencing thirty (30) workdays after written submission.
 - 4.2.5 Upon appropriate written authorization from the employee, the District shall deduct from the salary of any employee and make appropriate remittance for credit union, savings bonds, charitable donations, or any other plans or programs approved by the District.
 - 4.2.6 Any clerical errors will be corrected by the party making the error, with the provision that if any such dues are deducted from the pay of any employee and remitted to the Association, and the employee does not owe same, the Association shall refund the same to the employee and the District shall not be liable for any refund. The Association agrees to furnish any information needed by the District to fulfill these provisions.

4.3 Service Fee

- 4.3.1 Any certificated member who is not a member of the Association, or who does not make an application for membership within thirty (30) days of the effective date of this section or within thirty (30) days of the commencement of assigned duties shall pay a service fee to the Association. A certificate employee may become an Association member at any time by following the procedures in 4.2 above.

- 4.3.2 The obligation to pay a service fee may be met by a monthly deduction from the certificated employee's salary, by the certificated employee's direct payment to the Association using a method established by the Association by complying with 4.3.6 through 4.3.9.
- 4.3.3 If a certificated employee does not make application for membership within the prescribed time, make arrangements with the Association for direct payment of the service fee, or submit proof of payment to a charitable organization as provided herein below, the Association has a responsibility to inform the certificated employee of their contractual obligations. If after proper notice the certificated employee does not comply with the provisions of this Article, then the Association shall notify the District and supply the District with proof of notice to the unit member. Upon receipt of such notice and proof, the District shall withhold the service fee from the unit member's salary and submit such fee to the Association as provided in 4.4 below.
- 4.3.4 The service fee shall equal an amount as authorized by law but in no case to exceed the standard initiation fee, periodic dues and general assessments of the Association and shall be used only for those purposes permitted by law.
- 4.3.5 Any unit member who is a member of a religious body whose traditional tenets or teachings include objections to joining or financially supporting employee organizations shall not be required to join or financially support the Association as a condition of employment. However, such unit member shall pay, in lieu of a service fee, sums equal to such service fee to one of the following non-religious, non-labor organization charitable funds exempt from taxation under section 501(c)(3) of Title 26 of the Internal Revenue Code:
- 4.3.5.1 American Heart Association
 - 4.3.5.2 American Cancer Society
 - 4.3.5.3 Alzheimer Society
 - 4.3.5.4 Davis Educational Foundation

To receive a religious exemption, the unit member must submit a detailed written statement establishing the basis for the religious exemption. The Association executive board shall communicate in writing to the unit member its acceptance or rejection of the exemption. If accepted, the unit member shall make the payment to an appropriate charity as described above. Such payment shall be made on or before the due date for cash dues/fees for each school year.

- 4.3.6 Proof of payment shall be made on an annual basis to the Association and District as a condition of continued exemption from the payment of agency fee. Proof of payment shall be in the form of receipts and/or canceled checks indicating the amount paid, date of payment, and to whom payment in lieu of the service fee has been made. In-kind services may not be used for payment, nor may payment be in a form other than money such as the donation of used items. Such proof shall be presented on or before the due date for cash dues/fees for each school year.
- 4.3.7 Any religious objector who requests that the grievance or arbitration provisions of this

Agreement be used in their behalf, shall pay the reasonable cost of using said grievance or arbitration.

- 4.3.8 The District agrees to remit all sums deducted promptly to the Association accompanied by an alphabetical list of unit members for whom such deductions have been made, categorizing them as to membership or non-membership in the Association, and indicating any changes in personnel from the list previously furnished.
- 4.3.9 The Association and the District agree to furnish to each other any information needed to fulfill the provisions of this Article.
- 4.3.10 The Association agrees to pay to the District all reasonable legal fees and legal costs incurred in defending against any court action and/or administrative action challenging the legality or constitutionality of the agency fee provisions of this Agreement or their implementation. The Association shall have the exclusive right to decide and determine whether any such action or proceeding referred to above shall or shall not be compromised, resisted, defended, tried or appealed.
- 4.3.11 Remittance of Funds
 - 4.3.11.1 Funds deducted on behalf of the Association pursuant to this Article will be remitted to the Association within five (5) working days of the close of the preceding pay period, provided the District shall not be responsible for delays beyond its control.
 - 4.3.11.2 The District will provide the Association with a statement accompanying the remittance indicating the amount of the deductions during the preceding pay period and the amount to be remitted to the Association.

ARTICLE V: SITE LIAISON COMMITTEE

- 5.1 As soon as possible after the execution of this Agreement, it will be the responsibility of the bargaining unit members at each site to designate a minimum of two (2) and not more than four (4) unit representatives from the school staff at each elementary school and a minimum of three (3) and not more than six (6) unit representatives from the school staff at each secondary school to serve as liaison between the faculty and the school site administration of that school.
- 5.2 A member (or members) of the committee shall be able to meet with the school site administrator up to three (3) days prior to the next regularly scheduled faculty meeting for the purpose of reviewing proposed agenda items and adding to the agenda additional items of concern to the faculty. The order of the agenda shall be determined by the site administrator. The administrator shall consult with the Liaison Committee if he/she wishes to hold more than two staff meetings per month.
- 5.3 The Liaison Committee shall be provided, at its request, with at least twenty (20) minutes or any requested lesser amount of time at each faculty meeting to report on matters of concern. The site administrator may designate at what point during the meeting the Liaison Committee is recognized.
- 5.4 The Liaison Committee shall have the right to request a specific meeting with the school site administrator to discuss items of concern to the faculty. Should such a meeting be requested, the school site administrator shall schedule a meeting at a mutually acceptable time.
- 5.5 The Liaison Committee at each site may meet with the site administrator to discuss concerns relating to class size and extra duty assignments. Representatives from Site Liaison Committees may meet with the District Office administrator responsible for class size to discuss concerns relating to class size.
 - 5.5.1 The Liaison Committee shall meet with the designated school site administrator to develop a document that clarifies the process for prioritizing adjunct duties and the means by which assignments are made reasonably and equitably to all unit members at the site. That document will be reviewed annually by each spring by the Liaison committee, the principals (at appropriate levels) and the DTA Representative Council. Guidelines for the process are enumerated below.
 - 5.5.1.1 The Liaison Committee and the administrator will gather information from staff members about existing assignments and staff priorities.
 - 5.5.1.2 The Liaison Committee and administrator shall meet to discuss those duties which are 1) essential to the safety and smooth operation of the schools, 2) non-essential but desirable, and 3) voluntary on the part of the unit members at the site.
 - 5.5.1.3 The administrator shall produce a document describing the process for prioritizing adjunct duties and shall include the assignments. This document shall be distributed to all unit members at the site.
 - 5.5.2 The Liaison Committee and designated school administrator will meet annually and

develop a document that clarifies the process for generating the site plan for a master schedule and/or class sizes and the means for which class size limits are met. Site administrators (at appropriate levels) will meet annually to review each site's plan. DTA Representative Council will meet annually to review each site's plan. For secondary sites it is recommended that the Master Schedule Important Consideration Straw Design of 3/15/02 (Revised Secondary Principals' Meeting 3/19/02) be used as a guideline.

- 5.6 With the concurrence of the Board of Education and the Association, each Site Liaison Committee shall have the right to waive provisions of the agreement for that site which the Site Liaison Committee determines interfere with the education programs of that site. All proposed waivers shall be for a specific time period; that time period must be an integral part of the proposal. A waiver will be considered approved only after a printed copy of the current contract practice, along with the proposed modification and duration, is signed by the Administration and DTA president. This must occur in advance of implementation of the contract waiver.
 - 5.6.1 It is the intent of the Board and the Association to utilize this provision to give local sites substantial control over the issues which that site perceives as necessary to achieve a teaching and learning environment which promotes student success.
 - 5.6.2 It shall be the responsibility of the Committee to enunciate the purpose of the program which requires the waiver of the language of the master agreement. The site administrator shall be responsible for coordinating Board approval of the waiver and shall provide the information required for the Board to determine that the waiver is appropriate.
 - 5.6.3 It shall be the responsibility of the teachers assigned to the Site Liaison Committee to coordinate approval of the waiver by the Association. The teachers shall provide the information required for the Association to determine that the waiver is appropriate. One teacher on each site liaison committee shall be designated the DTA liaison representative.
 - 5.6.4 It is the intent of the District and the Association that this process shall be as informal as possible to avoid creating bureaucratic structures which would unnecessarily impede the creativity of teachers and administrators in meeting the education needs of students.
 - 5.6.5 No informal agreement between a teacher and a site administrator will be construed as a site liaison committee agreement.
- 5.7 The site administrator may set a meeting with the Liaison Committee to discuss concerns about use of personal leave for personal business by bargaining unit members.
- 5.8 In the event a member believes that there has been an increase in adjunct duty assignments, the following process will be implemented:
 - 1. The member notifies a liaison committee member.
 - 2. The liaison committee reviews the situation and if the situation cannot be corrected the committee notifies the Principal.

3. The Principal convenes a meeting with the liaison committee within 10 work days.
4. In the event the liaison committee is unable to satisfactorily rectify the situation the Principal informs the Associate Superintendent of Human Resources.
5. The Associate Superintendent of Human Resources will meet with DTA Contract Maintenance Officers to resolve the situation.

ARTICLE VI: HOURS OF EMPLOYMENT

 - 6.5.4 The teacher work week for elementary prep shall include one hundred sixty (160) minutes of preparation and planning time per week in blocks of thirty (30) to eighty (80) minutes.
 - 6.5.5 Student passing time shall not be counted as part of the preparation period when preparation time is less than forty (40) minutes and a teacher is responsible to supervise students during passing time.
 - 6.5.6 The principal shall meet and confer with classroom teachers and prep teachers who share responsibility for the instruction of a single subject before developing a plan which distributes instructional responsibilities of those teachers.

One day per week shall be a shortened day for students in grades 1-6 with 240 minutes of instruction at 1-3 and 236 minutes of instruction at 4-6. Unit members shall utilize the remainder of the regular workday for faculty meetings, school assessment team meetings, SIP meetings, in-service meetings, other meetings with parents and/or other staff members, and planning and preparation for their assignments.

- 6.8 Classroom teachers in grades K-6 at all sites shall receive \$10 per day supplement to their classroom budgets for each daily unit of ADA the district generates for completed student travel study (short-term independent study).

- 6.9 A full time elementary teacher shall remain at school thirty (30) minutes after the last regularly-defined class in order to fulfill duties including but not limited to conferences with students and conferences with parents.

Definition: Regularly-defined class is defined as the workday for intermediate teachers on Monday, Tuesday, Thursday, and Friday which equals 316 minutes of instruction time.

A part-time elementary teacher shall remain on site or at his/her work station thirty (30) minutes after student contact time normally ends for that teacher. A secondary teacher shall remain at school thirty (30) minutes after his/her last class or preparation period in order to fulfill duties such as conferences with students and conferences with parents. Exceptions to the thirty (30) minute time limitation may be made by the site administrator based on the needs of all parties concerned.

A certificated employee employed for less full-time shall be entitled to proportionate leave of absence time for illness or injury.

8.1.9 In the case of official quarantine at the employee's place of residence, the employee will be allowed full pay during the period of enforced quarantine even though this exceeds the employee's accumulated sick leave.

8.4 Bereavement Leave

8.4.1 Each employee shall be entitled to a leave of no more than five (5) days because of each

death in the immediate family. Immediate family shall be as defined in the Education Code Section 44985 and in addition include step-mother, step-father, step-sister, step-brother, step-son, step-daughter, mother-in-law, father-in-law, sister-in-law, brother-in-law, son-in-law, daughter-in-law, aunt, uncle, foster son, foster daughter, foster parent, and domestic partners (registered with the Secretary of State).

8.7.2 The intention of an employee to return to work following industrial accident and illness leave for reasons of health shall be communicated to the Board along with a medical practitioner's statement certifying the employee's ability to return to full-time service.

8.7.2.1 Should a physician not be willing to certify that the employee is capable of performing the full range of the duties of a position, when it is appropriate and the employee expresses an interest in returning, the District may elect to restrict the duties of the position or assign the employee alternative duties until the employee is capable of assuming the full range of responsibility.

- 8.9.1 The Board of Education shall provide for a leave of absence from duty for any certificated employee of the District who is required to be absent from duties because of pregnancy, miscarriage, childbirth, and recovery therefrom and adoption. The length of the leave of absence, including the date which the leave shall commence and the date on which the employee shall assume duties, shall be determined by the employee and the employee's medical practitioner.
- 8.9.2 Disabilities caused or contributed to by pregnancy, miscarriage, childbirth and recovery therefrom are, for all job-related purposes, temporary disabilities and shall be treated as such under any health and temporary disability insurance or sick leave plan available in connection with employment by the school district.
- 8.9.3 Except as provided herein, written and unwritten employment policies and practices of the school district shall be applied to disability due to pregnancy or childbirth on the same terms and conditions applied to other temporary disabilities.
- 8.9.4 This section shall be construed as requiring the Board of Education to grant leave with pay only when it is necessary to do so in order that leaves of absence for disabilities caused or contributed to by pregnancy, miscarriage, or childbirth be treated the same as leaves for illness, injury or disability.

8.10 Military Leave Government Ordered Service

- 8.10.1 Leaves may be granted for government ordered military service. Compensation during such leave shall be full salary for a maximum of one-tenth (1/10) of the annual salary.
- 8.10.2 All employees who are reserve members of the armed forces are requested to make every effort to arrange for active duty training during their vacation periods. However, if there are circumstances wherein reserve or draft deferred status would thereby be jeopardized, or if there are other extenuating circumstances, the employee should file a written request to the Human Resources office, giving full particulars therein before requesting orders for active duty training. A copy of the employee's military orders

shall be provided to the immediate supervisor and the Human Resources department as soon as available.

8.11 Unpaid Leave of Absence

Leaves of absence without pay may be granted by the Board at the request of an employee for a period of time not to exceed one (1) year.

- (1) The teacher shall receive no compensation during such leave;
- (2) During this time, no additional benefits may accrue but those benefits already accrued shall not be forfeited.

8.12 Sabbatical Leave

8.12.1 Each school year, the estimated cost of one (1) sabbatical leave shall be budgeted and granted by the Board of Education. Granting a sabbatical leave shall be contingent upon the recommendations of the Sabbatical Leave Committee and the approval of the Board of Education.

8.12.2 Any credentialed employee who has rendered service to the District for at least seven (7) consecutive years may be granted a leave of absence, not to exceed one (1) year, for the purpose of study or travel which will benefit the schools and the pupils of the District. Not more than one such leave shall be granted to said employee in any seven (7) year period.

8.12.3 The employee granted such a leave shall be required to present an outline of the proposed program of study or travel and to make such a report as may be required by the committee.

8.12.4 The interest of the District shall be protected by the written agreement of the employee to return to the service of the District and render at least two (2) years' service following the return from sabbatical leave.

8.12.5 The employee shall receive compensation while on leave at the rate of two-thirds (2/3) of his/her regular salary. An individual on a sabbatical leave shall not be employed in another regularly paid position as part of his/her sabbatical leave program during the period of the sabbatical leave.

8.12.6 A moratorium shall be negotiated if it is deemed necessary due to financial difficulty in the District.

8.15 Leave for Professional Service

Upon approval of the Superintendent, a unit member recognized for professional expertise by another educational organization and invited by that organization to act as a consultant, participate in a seminar, or act in an official capacity in an educational program, shall be granted a paid leave of absence enabling him/her to attend such a function. Such leave shall not be granted in situations in which the member receives compensation beyond reimbursement for costs.

8.16 Verification of Leave

When the District has cause to question the validity of leave utilization, other than Personal Business Leave under this Article, it may require a unit member to furnish appropriate verification to the District. Requirement of such verification shall not be used to harass, intimidate, or discourage appropriate use of leave benefits.

8.17 Short Term Sabbatical Leave

The purpose of the Short Term Sabbatical Leave is to improve the instructional program through study and/or travel. The granting of such leaves recognizes the need for periodic renewal on the part of individual staff members. It is further recognized that such renewal may not be addressed effectively within the provisions of the traditional semester or year long sabbatical leaves outlined in Article VIII Section 8.12.

8.17.1 Each year short term sabbatical leaves may be granted contingent upon the approval of Superintendent or his/her designee.

8.17.2 Any credentialed employee who has rendered service to the District for at least five (5) consecutive years may be granted a leave of absence for not less than ten (10) days or more than thirty (30) days for the purpose of study or travel which will benefit the schools and the pupils of the District. The recipient of such a leave shall not have been on a full or semester sabbatical leave during the preceding three (3) years.

8.17.6 There shall not be additional cost incurred by the District as a result of the granting of such leaves.

8.17.7 The approval or denial of a short term sabbatical leave is not subject to the grievance procedure.

8.17.8 No more than three staff members may be on such a leave at any one time during the school year.

8.18.2 Eligibility and Contributions

8.18.2.1 All unit members on active duty with the District are eligible to contribute to the Catastrophic Leave Bank.

8.18.2.2 Part-time employees may contribute to and withdraw from the bank on a pro-rata basis.

8.18.2.3 Participation requires contribution to the bank on a voluntary basis.

- 8.18.2.4 Only contributors will be permitted to withdraw from the bank.
- 8.18.2.5 Unit members who elect not to join the Leave Bank upon first becoming eligible must wait for the next open enrollment period to join, such period to be July 1 to October 1 of each year the Leave Bank is in operation.
- 8.18.2.6 Cancellation shall occur automatically whenever a unit member fails to make a contribution when contributions are requested. A unit member who cancels shall no longer be eligible to withdraw from the Leave Bank.
- 8.18.2.7 Sick leave previously authorized for contribution to the Leave Bank shall not be returned if the unit member is canceled.
- 8.18.2.8 Contributions shall be made between July 1 and October 1 of each year if the committee requests contributions. No contributions shall be requested if the number of days in the Leave Bank exceeds 200 days. (New employees shall be allowed to contribute to the Bank, however.)

- 8.18.2.12 No unit member may donate any sick leave days unless the employee has a minimum of eight (8) sick leave days before any donations can be made to the Leave Bank.
- 8.18.2.13 Leave Bank participants who suffer a catastrophic illness or injury or disability which results in the employee using all available paid leave, including regular sick leave, shall become eligible to use this Leave Bank, subject to the restrictions of this article.

8.18.3 Leave Bank Grants

- 8.18.3.1 Leave Bank participants whose available paid leaves are exhausted may be granted additional days from the Leave Bank for catastrophic illness or injury upon approval of the Leave Bank Committee. Catastrophic illness or injury shall be defined as any serious or life-threatening illness or injury that incapacitates the unit member for over ten (10) consecutive days. If a reoccurrence or a second illness or injury incapacitates a unit member within the same school year, it shall be deemed catastrophic after five (5) consecutive duty days. Leave Bank days may not be used for any mental stress related illness or for coverage of any absences for which the member

has applied for Workers' Compensation.

- 8.18.3.2 If a unit member is incapacitated, applications may be submitted to the Committee by the participant's agent or member of the unit member's family.
- 8.18.3.3 Participants applying for an initial or extension grant from the Leave Bank shall be required to submit to the Committee a doctor's statement indicating the nature of the illness or injury and the probable length of absence from work. Members of the Committee shall keep information regarding the nature of the illness or injury confidential. The Committee may require a medical review by a physician of the Committee and District's choice at the participant's expense. Only a physician who qualifies under the District offered insurance policies shall be chosen. Refusal to submit to the medical review will terminate the participant's continued receipt of a grant. The Committee may deny an additional grant based upon the medical report.
- 8.18.3.4 The first ten (10) duty days of illness or disability must be covered by the participant's own sick leave, differential leave, or leave without pay the first time the participant qualifies for a grant from the Leave Bank.
- 8.18.3.5 Withdrawals from the Leave Bank shall be granted in units of no more than twenty (20) days. The number of days received by a participant may not exceed the number of days in that participant's work year.
- 8.18.3.6 Pay for days withdrawn from the Leave Bank shall be the same pay as the employee would have received if the employee worked.
- 8.18.3.7 Any days approved by the Committee that are unused by the unit member shall be returned to the Leave Bank.
- 8.18.3.8 Employees who are granted Leave Bank days shall be considered in regular paid status during use of such days.

8.18.4 Administration of the Bank

- 8.18.4.1 The Committee shall have the responsibility of maintaining the records of the Leave Program, receiving withdrawal requests, verifying the validity of requests, approving or denying the requests, and communicating its decisions, in writing, to the involved employees and the District.
- 8.18.4.2 The Committee's authority shall be limited to administration of the Leave Bank. The Committee shall establish procedures for the Bank's operation.
- 8.18.4.3 If no days remain in the Bank to provide any additional grants, the Committee shall notify applicants and must deny any additional grants. The District and the Association shall meet to determine whether a special contribution/enrollment period shall be opened.
- 8.18.4.4 Applications shall be reviewed and decisions of the Committee shall be

reported to the applicant and the payroll office, in writing, within ten (10) work days of receipt of the application.

8.18.4.5 The Committee shall keep all records confidential and shall not disclose the nature of the illness except as is necessary to process the requests and defend against any denials.

8.18.6 If the Leave Bank is terminated for any reason, the days remaining in the Bank shall be returned to the current members of the Bank proportionally to their donations.

8.18.7 Appeal of Leave Bank Committee Decisions

8.18.7.1 Should the applicant disagree with the Catastrophic Leave Bank Committee's denial of a request for leave, the applicant may appeal the decision to the DTA Executive Board whose decision shall be final.

8.18.7.2 Section 8.18 is not subject to the grievance procedure.

When criteria indicate two or more unit members are equally qualified, the most senior unit member shall be transferred or reassigned.
- 9.2.2 All involuntary transfers and reassignments shall be based on credential, major, minor, program requirements (as specified in 9.1.6) and experience or qualifications consistent with the job description/position. When criteria indicate two or more unit members are equally qualified, the least senior unit member shall be transferred or reassigned.
- 9.2.3 All involuntary transfers that result from a school closure shall be based on the same criteria and tie breaking methodology as set forth in 9.2.1, except that such unit members shall have preference over voluntary transfers, new hires, teachers returning from leave and other involuntarily transferred teachers.

9.3 Assignment

All members of the bargaining unit are given an initial assignment by the Board of Education in accordance with law. Assignment is the initial placement of a bargaining unit member in a specific location and position classification(s) in the school district.

The following article outlines the process that will guide the Association and the District in meeting the mutual interest for qualified bargaining unit members to move into open positions. All requests for reassignments will be considered before requests for transfer. All requests for transfer will be considered before out-of-district candidates.

9.4.1 Reassignment: An individual bargaining unit member may request reassignment to take effect during the school year or at the beginning of the next school year by submitting such a request in writing or by email to his/her principal or District Office Department Head. If no certificated bargaining unit member from the site where the vacancy occurs fills the vacancy, the vacancy will be advertised as a transfer vacancy.

Transfer: A request for a transfer must be submitted, using the "Request for Transfer" form, to the Human Resources Office. The member is encouraged to discuss his/her interest in a reassignment or transfer with his/her supervisor. Administrators receiving such requests shall acknowledge them in writing within ten (10) calendar days of receipt. The transfer vacancy shall be advertised throughout the district for five (5) business days. All certificated bargaining unit members possessing the required credentials for the transfer vacancy will be interviewed for the vacancy. Requests for transfer shall be considered in terms of the established criteria (see 9.2.1). If the administration determines that two or more bargaining unit members requesting a transfer to the same position are equally qualified for the position, using the criteria in section 9.1.8 above, the more senior member shall be given priority over the less senior member(s).

Any teacher assigned to teach in the DPNS and Children's Center may request a

transfer to a K-12 position within the District after having served a minimum of four years in the DPNS or Children's Center position.

9.4.2 If a voluntary transfer or reassignment request is denied, the member shall be notified in writing within ten (10) calendar days of the decision and, if requested, will be provided with the reasons for that decision. If the process results in not selecting any transfer applicant(s) for the position, applicant(s) will be notified and provided the reason(s) in writing within ten (10) calendar days following the interview.

9.4.3 No member will be denied a reassignment or transfer request arbitrarily, capriciously, or without basis in fact.

9.5 Administratively-Initiated Reassignment and Transfer

9.5.1 In the event that a vacancy exists and reassignment or transfer of a member of the bargaining unit is deemed necessary by the administrator responsible for filling the vacancy in question, volunteers will be sought from those bargaining unit members who meet the criteria in section 9.2.1. Priority in consideration will be given to members of the unit from the school where the vacancy exists.

9.5.2 In the event that no bargaining unit member volunteers to fill the vacancy and the District does not anticipate new hiring in that subject or level, the responsible administrator may initiate reassignment(s) and/or transfer(s).

9.5.3 In the event of program reduction and/or district-wide grade-level reorganization, all displaced bargaining unit members shall be placed in positions for which they qualify before any remaining vacancies are filled through voluntary transfer and/or new hiring.

9.5.4 All personnel affected in sections 9.5.2 and 9.5.3 will be notified promptly in writing by the administrator responsible for processing the reassignment(s) or transfer(s).

9.5.5 All transfers or reassignments under this section shall be based on the criteria in section 9.2.2 and shall not be punitive or disciplinary in nature.

9.5.6 An administrator may enter into a conversation with a staff member regarding any position that would be available. Nothing in this section shall preclude the principal's right to conference with staff concerning open positions.

9.5.7 No bargaining unit member shall be involuntarily reassigned or transferred if there is a unit member who is qualified under the above criteria who has volunteered to fill the vacancy or position involved.

9.5.8 Bargaining unit members to be involuntarily reassigned or transferred shall have the right to indicate preferences from a list of vacancies.

9.5.9 A bargaining unit member who is to be involuntarily reassigned or transferred shall be given the reasons for the reassignment or transfer in writing.

9.5.10 The Board shall move the transferred bargaining unit member's District-owned

materials which require movement due to the bargaining unit member's transfer. Also, the District shall provide assistance to the transferred member for the moving of personal and other professional materials and supplies owned by the transferred member. The transferred member may be required to fill out a request for such assistance which includes a specific waiver of any claim for loss or damage to such materials in return for the District's assistance in providing for transportation of such items. Such moves shall be made at the convenience of the District.

9.5.11 A day of release time shall be provided for on site preparation for transfers or reassignments that impact individuals after the opening of the semester in which the change is to occur or within 15 days before the start of the second semester and provided the transfers or reassignments are not the result of structural modifications of the District program.

9.6 Notice of Open Positions

A current list of vacancies or open positions shall be posted on the district's website and via email to all employees. Additionally, a copy of the notice shall be mailed to the Association.

9.7 Deadline for Notification

A bargaining unit member shall be notified of his/her transfer or reassignment no less than sixty (60) days prior to the opening of school unless that move is necessitated by unanticipated and documented changes in enrollment or circumstances.

9.8 Information on Teacher Needs

On or around the first week of February, information shall be requested from the certificated personnel regarding their plans for the ensuing school year. Results of this survey provide preliminary information on personnel needs for the fall semester. At all times, information on current positions to be filled shall be available to employees.

9.9 Opening or Closing of a School

9.9.1 When a new school opens, all positions shall be posted.

9.9.2 A committee comprised of up to three DTA-selected members and up to three District administrators shall meet to establish a timeline for voluntary and involuntary transfer to a new school. The committees shall include the following items in the timeline:

- Dates for distribution and collection of intent to return forms
- Date(s) and/or time frame(s) for position postings
- Date(s) for submission of voluntary transfer requests
- Date(s) for notification to members on disposition of voluntary transfer requests
- Date(s) for notice of involuntary transfers

The Committee shall monitor this transfer process as it is implemented for the staffing of new schools. If the DTA-selected members and the district administrators are unable to agree on a timeline, the transfer process shall be in accordance with the voluntary and involuntary transfer

provisions of Article IX.

9.10 Reduction in Staff at Sites

9.10.1 In the event there is a need to reduce the number of bargaining unit members at a site, volunteers will be requested from the site being reduced to fill current openings.

9.10.2 Displaced members will be identified based on seniority (least to most).

9.10.3 In the event there are not enough volunteers to reduce the site, displaced members will be placed in current district openings based on seniority (most to least).

9.11 Progressive Placement

9.11.1 During years in which there is a reduction in force, increase in class size, or elimination of program(s) or funds that results in members being displaced, there shall be Progressive Placement. This article was developed based on the following interests:

1. Maintaining the status quo as much as possible, with exceptions made for those who wish a change in assignment.
2. Place members in assignments that they deem most desirable.
3. Provide opportunities for members to fill open assignments easily.
4. Create predictability for members who are forced to make assignments changes.
5. Prevent unnecessary moves.
6. Facilitate movement of members who desire to make changes in their assignment.
7. Establish a process that gives everyone choice, so that no one feels forced to take an assignment.
8. Predict open assignments early and accurately.

9.11.2 Following a layoff, neither shall additional FTE be added to an assignment nor shall any outside candidate be offered an assignment without the assignment being first offered to a qualified member on the rehire list.

9.11.3 The following actions will occur prior to assignments being offered as part of Progressive Placement planning:

- a) Prior to May 15 (delivery date for Final Layoff Notification) the District shall rescind all possible preliminary notices and identify Full Time Equivalents (FTE) available. The District shall wait until June 1st prior to offering any open assignments.
- b) Determine the total number of members needing placement, including those members returning from Leaves of Absence.
- c) Determine the number of assignments eliminated through increasing class size.
- d) Determine the number of assignments open as a result of released temporary employees, retirements, resignations, and Leaves of Absence.
- e) Determine the FTE allocation at each school site.
- f) Compare the number of members requiring different placement to the

number of known open positions.

9.11.4 Progressive Placement will occur in the following order:

- a. Each site will conduct a local (site based) shuffle. Volunteers will be sought. No member shall be required to accept an involuntary reassignment at his or her original site. Any member may volunteer to be designated as a “displaced teacher.”
- b. “Displaced teachers” shall be offered placement by District seniority from most senior to least senior.
- c. Members “displaced” during the previous school year shall be offered open positions at their former sites.
- d. Members returning from Leave of Absences shall be placed.
- e. Members on a rehire list shall be offered placement by District seniority from most senior to least senior.
- f. A probationary member must make a choice or be assigned in order to maintain rehire rights with the District (EC 44956).
- g. A permanent member may decline to accept an assignment within a pool of assignments without losing his or her relative position in the subsequent pool. Permanent members may decline assignments for up to one (1) year before losing employment rights with the District (EC 44956).

9.11.5 Each time there are ten (10) or more assignments available, another pool will be opened and placements will be offered. The second pool will be open before the end of June. There will be no pools opened in July. The third pool will open in early August. As the first day of school approaches, assignments will be opened in smaller pools.

ARTICLE X: EVALUATION PROCEDURES

10.1 General Provisions

10.1.1 It is understood and agreed by the parties that their evaluator objective is to improve the quality of education in the District. It is further understood and agreed that this objective can be more readily achieved by a willingness of the Board and the Association to establish a fair evaluation procedure which will not only evaluate performance, but will assist bargaining unit members in improving their job-related skills. The evaluation shall focus on the California Standards for the Teaching Profession. The standards are as follows:

- I. Engaging and supporting all students in learning
- II. Creating and maintaining effective environments
- III. Understanding and organizing subject matter
- IV. Planning instruction and designing learning experiences
- V. Assessing student learning
- VI. Development as a professional educator

In appropriate cases, discipline and discharge procedures defined in Education Code 44932 may be undertaken independently of the evaluation procedures contained in this Article. This provision shall not, however, constitute a waiver of any rights an employee may have to adequate notice of performance deficiencies and adequate opportunity to improve.

10.1.2 Evaluation for permanent, probationary, and temporary bargaining unit members shall at least serve as a basis for:

- (a) Improvement of instruction;
- (b) Self-improvement;
- (c) Recognition of good performance;
- (d) Decisions regarding future assignments; refer to Article IX Reassignment and Transfer Policy.

10.1.3 No bargaining unit member shall be held accountable for any aspect of the educational program over which he/she has no authority to correct deficiencies. However, unit members shall be held accountable for satisfactory performance of school-related duties and responsibilities to which they have been assigned or for which they have volunteered.

10.1.4 At any point in the evaluation process, evaluator(s) other than the immediate evaluator may be requested. The findings of such evaluator(s) shall become part of the evaluation document after a conference with the bargaining unit member should one be requested by either party.

10.1.5 If the funding for Peer Assistance and Review is eliminated by the state, the parties shall meet within 30 work days to negotiate necessary changes to the evaluation procedures, affected article(s), and forms.

10.2 Formal Evaluation Process

- 10.2.1 Permanent Bargaining Unit Members: The goals and objectives for assessment shall be contained within the evaluation forms unless prior performance does not meet District standards. In such cases the evaluator may require additional goals and objectives to be written and approved. For each evaluation cycle the evaluator and the teacher will choose two standards as a specific focus. The evaluator may select one of the standards. For teachers with satisfactory evaluations at least one of the two standards will be new each cycle.
- 10.2.2 Probationary and Temporary Bargaining Unit Members: Each first-year probationary and temporary teacher will focus on CSTP I, II, and III. Each second-year probationary and temporary teacher will focus on CSTP IV, V, and VI as stated above.
- 10.2.3 Temporary Bargaining Unit Members With Two or More Years Service: For each temporary teacher with two or more years of District experience the teacher and the evaluator will choose two standards as a specific focus. The evaluator may select one of the standards. For temporary teachers having two or more years of satisfactory evaluations at least one of the two standards will be new each cycle.

10.3 Evaluation Summaries

- 10.3.1 Probationary and Temporary Bargaining Unit Members: Probationary and Temporary bargaining unit members shall be evaluated each year (See Appendix G-1). The teacher will be notified by November 1 that he/she will be evaluated that school year. Summative evaluations for probationary and temporary bargaining unit members shall occur prior to April 30 in the probationary/temporary 1st year (see Appendix G-1), and prior to February 15 in the probationary/temporary 2nd year (see Appendix G-1). During each evaluation period the evaluator will complete a minimum (more as deemed necessary) of two classroom observations using the observation forms that apply based on the California Standards for the Teaching Profession. The evaluator shall apply the standards in the sequence they are introduced to the beginning teachers through the Beginning Teacher Support & Assistance (BTSA program). The evaluation focus for first year Probationary/Temporary teachers will be CSTP numbers I, II, and III. The evaluation focus for second year Probationary/Temporary teachers will be CSTP numbers IV, V, and VI (see Appendix G-1).
- 10.3.2 Permanent Bargaining Unit Members: Permanent bargaining unit members shall be evaluated at least every other year prior to April 30 (see Appendix G-1). The teacher will be notified by November 1 that he/she will be evaluated that school year. Prior to the evaluation, the teacher will review standards, identify focus standards and be ready to discuss his/her self-reflections on the focus standards with the evaluator. The evaluation shall entail at least one formal observation or alternative evaluation review conference that is designed to specifically target the foci for the evaluation period. If a permanent bargaining unit member is marked unsatisfactory for a standard, a work plan will be developed as part of the assistance plan as described in Article XXXI Peer Assistance and Review. The teacher will be evaluated the following year and the focus of the evaluation shall be on that standard and will include formal observations of teaching.

- 10.3.3 Formal Observations: The first formal observation for Probationary, Temporary, and Permanent bargaining unit members will be announced at least two (2) days in advance. This observation shall be followed within five (5) days by an evaluation conference relative to the observation. The evaluator may conduct further observations as deemed necessary. The results of each follow-up observation shall be presented to the bargaining unit member within five (5) working days. No derogatory reference shall be included in an evaluation summary which has not been presented to the bargaining unit member in writing. Each observation shall be followed by an evaluation conference relative to the observation if either the evaluator or evaluatee requests the conference. When appropriate, such conferences shall include recommendations for improvement and assistance in implementing those recommendations. In the event no conference is requested, the observation shall be deemed positive in nature.
- 10.3.4 Summary Evaluation Process other than “meets standards:” The following process applies whenever an evaluation results in a summary recommendation other than “meets standards:”
- (a) The evaluator shall notify the unit member of above determination at least 5 working days prior to the conference.
 - (b) The evaluation summary shall be presented to the unit member at a conference.
 - (c) The evaluator shall prepare the evaluation summary based upon total performance of the evaluatee. Article XXXI shall apply.
 - (d) The bargaining unit member shall have the right to initiate a written reaction or response to the evaluation. Such response shall become a permanent attachment to the employee's written summary. In any case, the bargaining unit member shall sign the summary. This indicates only that the bargaining unit member has had the opportunity to discuss the summary and to enter comments or disagreements. The bargaining unit member shall have the right to submit a written reaction or response to the evaluation within ten (10) working days of receipt of the evaluation summary.
- 10.3.5 Vertical Movement on the Salary Schedule: Pursuant to section 14.11, vertical movement on the salary schedule shall not occur if a bargaining unit member receives an evaluation with a “mandatory review” summary recommendation. Vertical movement on the salary schedule will resume upon the bargaining unit member exiting the “mandatory review” process.
- 10.3.6 The parties agree that professional growth should continue throughout one’s career.
- 10.3.7 Five Year Extended Evaluation Cycle: Permanent bargaining unit members shall be evaluated at least every other year prior to April 30 (see Appendix G-1). Unit members with permanent status who have completed at least 10 years as a certificated bargaining unit member with the school district, are highly qualified as required by state and/or federal law (in positions which require the “highly qualified designation”), and whose previous evaluation rated the employee as standards met, shall be evaluated on an extended cycle of five years, unless the evaluator presents an observed concern based on the California Standards for the Teaching Profession, in writing, to the unit member.

The Five Year Extended Evaluation Cycle begins upon receiving a “standards met” evaluation during the ninth or tenth year of employment as a certificated bargaining unit member. At no time shall an evaluation cycle exceed five years.

- 10.3.8 Alternative Evaluation Process: Permanent bargaining unit members who are on step 6 or higher of the salary schedule may participate in alternative evaluation. In the event the evaluator does not agree to the alternative evaluation cycle, the evaluator will provide, in writing, the reason(s) based on observed concerns aligned with the California Standards for the Teaching Profession, and the unit member will participate in the formal evaluation process. To participate in an alternative evaluation the teacher must have received a satisfactory evaluation in the previous cycle. The intent of the alternative evaluation shall be to allow the teacher to direct his or her own professional growth in one or more activities that relate to the California Teaching Standards as listed above. The teacher in collaboration with the evaluator will complete an alternative evaluation contract.

Alternative Evaluations shall be completed by April 30 unless an extension is mutually agreed upon, but no later than June 1. If the teacher does not complete the alternative evaluation, the teacher will be placed on the formal evaluation cycle for the next school year as outlined in Article 10.2.

- 10.3.9 Alternative Evaluation Process: Permanent bargaining unit members who are on step 6 or higher of the salary schedule may participate in alternative evaluation. In the event the evaluator does not agree to the alternative evaluation cycle, the evaluator will provide, in writing, the reason(s) based on observed concerns aligned with the California Standards for the Teaching Profession, and the unit member will participate in the formal evaluation process. To participate in an alternative evaluation the teacher must have received a satisfactory evaluation in the previous cycle. The intent of the alternative evaluation shall be to allow the teacher to direct his or her own professional growth in one or more activities that relate to the California Teaching Standards as listed above. The teacher in collaboration with the evaluator will complete an alternative evaluation contract.

10.4 Evaluation of Specialists

- 10.4.1 The Association and the District hereby agree to use the Counselors’ proposed evaluation form for counselors for the 1990-91 school year (See Appendix G-2). The Association and District further agree to evaluate the form and supportive procedures prior to June 15, 1991 and will notify the District if the forms are not to continue in use thereafter. Such notification must occur by June 15. A committee will be formed to develop a pre-kindergarten evaluation instrument. For classifications not covered by evaluation instruments within the agreement, an evaluation instrument which allows for development of individual goals and objectives shall be used. Goals and objectives shall fairly represent the job description and the professional requirements of the position.

10.5 Evaluation and the Use of Personnel Files

- 10.5.1 Except as specifically provided for in this evaluation article, the District shall not base

any adverse action against a bargaining unit member upon materials which are not contained in the bargaining unit member's personnel file or made available to the bargaining unit member in the course of an investigation by the District for the purpose of evaluating the bargaining unit member in determining whether any disciplinary action should be taken against the bargaining unit member. Furthermore, should the District wish to place material of a derogatory nature in a bargaining unit member's file such material shall be entered into the file within five (5) days after discovery, except as specified below. The bargaining unit member shall have the right to enter and have attached to such derogatory statement or statements his/her own comments thereon. Materials of a derogatory nature that arise from the evaluation process outlined in 10.3 to 10.5 shall not be entered into the personnel file until that process has been exhausted.

- 10.5.2 Information of a derogatory nature shall not be entered or filed unless and until the bargaining unit member is given notice and opportunity to review and comment thereon. An employee shall have the right to enter, and have attached to such derogatory statement their own comments thereon. Such review shall take place during normal business hours, and the employee shall be released from duty for this purpose without salary reduction.
- 10.5.3 For the purpose of these evaluation procedures, the bargaining unit member shall have the right to authorize a representative to examine his/her personnel file to the extent such examination is permitted by law. The representative seeking to review the personnel file must present the District with a written release by the bargaining unit member granting permission to review the personnel file consistent with the purposes set forth in this article.
- 10.5.4 Evaluation material entered in a bargaining unit member's file shall identify the source of the material including, where appropriate, the identity of the person or persons who drafted the material. However, nothing in this section shall be interpreted as granting bargaining unit members any rights greater than those already provided in Section 44031 of the Education Code.
- 10.5.5 Materials in a bargaining unit member's file shall not be used for evaluation purposes, within the purview of this article, after remaining in the file for a period of four (4) years or more.
- 10.5.6 Evaluation shall include statutory regulations as well as applicable Board policies.
- 10.5.7 Access to a bargaining unit member's personnel file shall be available only to the Board, District administrative staff, and their confidential employees on a need-to-know basis. The contents of all personnel files shall be kept in strictest confidence.
- 10.5.8 The Human Resources office shall keep a log indicating the persons who have requested to examine the personnel file as well as the dates such requests were made. Such log shall be available for examination by the bargaining unit member or his/her Association representative, if so authorized by the bargaining unit member. Clerical employees doing routine filing of material in personnel files shall not be required to sign the log.

ARTICLE XI: CLASS SIZE

- 11.1 The administration shall endeavor to maintain maximum class sizes of not more than twenty-nine (29) in elementary schools. It is realized that school level procedures may be utilized in a consultation mode to assist in dealing with class sizes provided that such policies are within the established staffing ratios and seek to allow student access to learning programs. In no event, however, shall class sizes exceed the maximum established by the State, and when individual classes in the elementary schools exceed thirty-one (31), additional support will be provided.
- 11.2 The Administration shall endeavor to maintain maximum student loads of 160 students per full time secondary teacher with the exception of physical education, typing, and music. It is realized that internal, departmental, or school level procedures may be utilized in a consultation mode to assist in dealing with class sizes provided that such policies are within the established staffing ratios and seek to allow student access to learning programs. Sections 11.2.1 and 11.2.2 are subject to the concepts in this paragraph.
 - 11.2.1 Class Size Reduction classes shall not be used in calculating student loads for other sections. For example, if there is one Class Size Reduction section for a unit member with five periods, the maximum student load for the remaining periods shall be 128.
 - 11.2.2 Student load at the secondary level will be prorated according to the teacher's FTE and based on a fulltime load of 160 students. For example, .8 FTE = 128 students; .6 FTE = 96 students.
 - 11.2.3 When a question of class size might cause a safety problem, the site administrator and unit member shall meet to discuss it. If the concern is not resolved, the unit member will put it in writing and the site administrator shall respond in writing.
- 11.3 Because situations arise where a few or no constructive alternatives exist to having class sizes in excess of the above ideal maximums (in accordance with Article 11.2, 11.2.1, 11.2.2), the District and DTA agree to the following process:
 - 11.3.1 Elementary:
 - 11.3.1.1 Principals or their designee utilize collegial methods to attempt to resolve class size problems. These collegial methods may include but are not limited to assistance with additional aide time, release time for planning, preparation, or conferencing, readers or additional in-service training.
 - 11.3.2 Secondary:
 - 11.3.2.1 No later than the final drop date, which is the twenty-fifth (25) school day following the start of the first and second semesters, the District shall notify the Davis Teachers Association President and each affected teacher with a student load of more than 160 students for secondary teachers and 225 for secondary physical education teachers, in writing, of their overall student number (not including Teaching Assistants).

- 11.3.2.2 When class sizes exceed the ideal maximums (160 students per 1.0 FTE secondary or 225 students per 1.0 FTE physical education) the teachers will be compensated \$2 per student per day that the overage occurs. Teachers will be compensated only for the number of days their student load is over the ideal maximum.
- 11.3.2.3 Payment will be calculated based on the student load on the day after the last ‘drop day’ for each secondary site.
- 11.3.2.4 Music and independent lifetime sports/P.E. sections are exempt from the class size maximums.
- 11.4 The Site Liaison Committee, as defined under Article V Site Liaison Committee, at each site may meet with the site administrator to discuss concerns relating to class size.
- 11.5 A maximum of one representative from each Site Liaison Committee may meet with the District Office administrator responsible for class size to discuss concerns relating to class size.
- 11.6 In acknowledgement that there may be circumstances where Special Education Teachers may be asked by administration to voluntarily accept case management duties over the state mandated 28:1 caseload limit; the District and DTA agree:
- To compensate Special Education Teachers at a rate of 1/14th of their daily rate per student over the 28:1 caseload limit.
 - Compensation duration shall be calculated based on the number of days each student over the 28:1 caseload limit is on the member’s respective caseload.
 - Written agreement from the member is required to add students over the 28:1 caseload limit.
 - When an overage opportunity exists, the Director of Special Education or Designee will inform the Association President and teachers assigned to the site where the overage exists, requesting volunteers to take caseload overages.
 - Should there be no appropriately credentialed volunteers at the site; the District will open the volunteer opportunity to all other appropriately credentialed teachers in the District.
 - In the case that more than one appropriately credentialed teacher requests the voluntary overage assignment, the following criteria will be used (listed in order of priority): appropriate credential, site assignment, and seniority.

ARTICLE XII: WORKLOAD REDUCTION FROM FULL-TIME TO PART-TIME DUTIES

- 12.1 Certificated employees who wish to reduce their workload from full-time to part-time duties may apply in writing to the Board of Education prior to January 31 of any given school year for the following school year. (See Appendix A)
 - 12.1.1 The employee must have reached the age of 55 prior to reduction in workload.
 - 12.1.2 The employee must have been employed by the District in a position requiring certification for at least ten (10) years of which the five (5) years immediately preceding application must have been in full-time employment.
 - 12.1.3 The option of part-time employment must be exercised at the request of the employee and can be revoked only with the mutual consent of the employer and the employee.
 - 12.1.4 The employee shall be paid a salary which is the pro-rata share of the salary he/she would be earning had he/she not elected to exercise the option of part-time employment but shall retain all other rights and benefits for which he/she makes the payments that would be required if he/she remained in full-time employment. The employee shall receive health benefits as provided in Section 53201 of the Government Code in the same manner as a full-time employee.
 - 12.1.5 The minimum part-time employment shall be the equivalent of one-half of the number of days of service required by the employee's contract of employment during his/her final year of service in a full-time position.

ARTICLE XIII: EXTRA-DUTY COMPENSATION

- 13.1 Bargaining unit members should have reasonably equal loads. Administrative assignments should attempt to equalize the time and energy expended on the job. In certain cases where duties require time and energy beyond the normal assignment, extra-duty compensation shall be given. (See Appendix E)
- 13.2 Assignments, for which extra-duty compensation shall be given, fall into the following four classifications. No staff member shall assume more than two Class I and/or Class II assignments.

31.1.3.5.1.1 The recommendations in the remediation plan for teachers in review shall be considered as part of the referred participating teacher's performance goals for the period of participation in this program.

31.1.3.5.1.2 These recommendations shall be written, aligned with student learning, clearly stated, and consistent with Education Code Section 44662. These recommendations shall be considered as performance goals required by Education Code Section 44664(a) and 44500(b) (2).

31.1.3.5.1.3 The evaluator, consulting teacher, and the referred participating teacher in review shall meet and discuss the recommended areas of improvement outlined by the evaluator in the remediation plan and the types of assistance that will be provided by the consulting teacher by September 30th.

31.1.3.5.1.4 The consulting teacher and the evaluator are expected to establish a cooperative relationship and shall coordinate and align the assistance provided to the referred participating teacher on an ongoing basis, consistent with the remediation plan.

31.1.3.5.1.5 The parties understand that every possible subject matter or competency may not be available within the consulting teacher corps, and therefore, it shall occasionally be necessary to draw upon outside resources to fully address the identified areas recommended for improvement. In such cases, the consulting teacher shall maintain prime responsibility for the remediation plan but may function more like a case carrier who assures the availability of appropriate resources.

31.1.3.5.2 On or before April 1 of each year, the consulting teacher shall complete a written report documenting the results of the referred participating teacher's participation in the program. The report shall contain the following information: a summary of the remediation plan; a description of the assistance activities recommended and provided (a "log"); and the referred participating teacher's level of participation in the assistance activities.

31.1.3.5.2.1 The consulting teacher's report to the panel shall contain one of the following three conclusions:

- a) That the elements of the remediation plan involving peer intervention have been satisfactorily completed; or
- b) That the elements of the remediation plan have been met and that continued assistance is recommended; or
- c) That despite sustained assistance, the referred participating teacher has not been able to complete the elements of the remediation plan involving peer review satisfactorily, and further assistance through the program is not recommended.

31.1.3.5.2.2 A referred participating teacher and the evaluator shall be entitled to review all reports generated by the consulting teacher prior to their submission to the panel and to have affixed thereto their comments. To effectuate this right, the consulting teacher shall provide the referred participating teacher with copies of such reports at least five (5) working days prior to any panel meeting at which the report will be given.

31.1.3.5.2.3 The participating teacher, his/her DTA representative if requested, and the evaluator may be present for the consulting teacher's report to the panel. None of these individuals, however, may be present during the closed and confidential deliberations of the panel. The panel may request additional follow-up information.

31.1.3.5.2.4 The report described in section 31.1.3.5.2 shall be included as part of the referred participating teacher's annual evaluation which is placed in the official personnel file. The evaluator, as the individual officially responsible for the evaluation, retains the right and responsibility to comment on the report in his/her evaluation.

31.1.3.5.2.5 After receiving the reports described in section 31.1.3.5.2, the panel shall recommend in writing to the Board of Education (and provide copies simultaneously to the referred participating teacher, consulting teacher, and evaluator) one of the following:

- 1. Recommendations regarding review participants (without names); and/or
- 2. The names of individuals who, after sustained assistance, are not able to demonstrate satisfactory improvement.

31.1.3.6 Consulting teachers shall receive an annual stipend of \$3,500.

31.1.4 Mandatory Review and Assistance

- 31.1.4.1 This program shall provide assistance to permanent teachers who receive a “mandatory review” based on the observations and evaluations of an administrator. The California Standards for the Teaching Profession as provided for in Article X: Evaluation Procedures will serve as the basis for making this determination.
- 31.1.4.2 Prior to receiving a “mandatory review” referral, the teacher shall be notified that he or she “needs assistance” and a one-year work plan shall be developed by the administrator. The administrator will notify the Review Panel when a teacher has been recommended for assistance so that a consulting teacher can be assigned. The teacher will be encouraged to participate in the assistance program. Administrator evaluations and the work plan will become part of the permanent confidential personnel file for this employee and shall specify how often the administrator will observe and measure improvement. The consulting teacher shall develop an assistance plan; however, the data collected by the consulting teacher at this stage shall not be part of the permanent confidential record. This assistance period is designed to give the teacher time to improve, and to assure that the administrator carefully documents any ongoing concerns about “unsatisfactory” performance prior to making a referral for Mandatory Review.
- 31.1.4.2.1 The Review Panel monitors the review program for quality assurance and may review voluntary assistance documentation provided by the consulting teacher to evaluate program effectiveness;
- 31.1.4.2.2 The teacher and his/her Association representative, if desired, shall have an opportunity to appear before the Review Panel as part of the review process along with the administrator making the referral.
- 31.1.4.2.3 Once a teacher is referred for “mandatory review” all final reports of the consulting teacher become part of the permanent confidential personnel file.
- 31.1.4.2.4 At the close of the one-year mandatory review period, the panel shall review all documentation and make a recommendation to the Board of Education about the effectiveness of the assistance program, the status of the teacher’s improvement, and any need for continued participation.

- 31.1.5.3 The budget shall be determined annually by the Board of Education in accordance with all established District budget practices. Once established, the Review Panel will allocate the funds based on the provisions of this contract. The PAR program will remain a separate program; however, the personnel in PAR and BTSA programs will collaborate and cooperate as much as possible to ensure coordination and consistency between the two programs.
- 31.1.5.5 The expenditures for these programs shall not exceed revenues received from funds made available through passage of ABIX, Villagaigosa, 1999) or successor legislation, excluding the allowable administrative cost. Should the funds disappear, the provisions of Article XXXI become null and void.

Master Schedule 2002-2003

Important Considerations

Straw Design

DTA Negotiations 3-15-02

The overriding goal is that students have classes they need for graduation and preparation for college; therefore primary consideration should be given to staff the core classes in the content areas of English, Mathematics, Social Studies, and Science at 32 to 1. Using this ratio, the staff can then begin to analyze the costs of electives and low-enrolled classes. The following priority assumptions were identified by the negotiating team:

- Core scheduled at 32 in Spring runs
 - Core - Defined
 - Social Studies
 - Math
 - English
 - Science
- Foreign language scheduled at 34 across departments (These courses are taken in sequence and have roll-over effects on the numbers.)
- Other classes including electives within the above core areas can be scheduled at 36 and analyzed carefully to determine priority for dropping classes.
- No more than 160 students per teacher (Departments consider "high enrolled" and 20:1 when assigning courses). Music, P.E., Typing, Driver's Education are not within the limit.
- Each department documents problems with above assumptions and makes a department recommendation regarding adds, drops, and alternate year offerings.

Long-term Data Collection

The goal is to collect data in central places over time so that we develop a history of problems and issues that create imbalances.

- Reduce course offerings of 245 classes at Davis Senior High by offering in alternate semesters and alternate years.
- Track averages for electives over the year to determine cost effectiveness and to allow for mid-year changes.
- Counselors, Department Chair, and Principal keep a record of snapshots or significant events/decisions that affect the schedule.

- Identify problem credential areas and start a plan for reducing immediately.
- Be able to talk with the Board of Education about the real cost of programs.

Master Schedule 2002-2003 **Problem with High-Enrolled Classes in September** **Straw Design**

- By 12th day, principal and counselor will have developed a plan to mitigate class size issues (especially > 160)
- D.O. meeting with secondary principals during second week of school (Wednesday) to review issues and decide on District level interventions
- Use one-time money to fund costly programs that will need to be cut the following year (foreign language options, business education) - institutionalize this
- Formalize process on what mitigations are taken if a teacher is over 160. Document the action and work towards a consistent District response.
- Teachers do not write notes or make verbal commitments to accept students, only done in the counseling office. Teachers do not share information about acceptance with students, but instead meet and confer with the designated administrator/counselor.
- Establish a procedure that places students who do not meet prerequisites (teacher approval or grades) on a waiting list and place during the first week of school. (Secondary principals to make recommendation here.)

Communication Guidelines

The DJUSD and DTA are committed to maintaining direct, timely and respectful communication. Such communication supports an environment that fosters open and positive relationships among everyone in the Davis Joint Unified School District, including students, parents or others.

Direct communication acknowledges that people have the right to know who is sending the message, and if the message is about the person, to hear that message directly from the person providing the message before the information is shared with anyone else.

Timely communication acknowledges that people have the right to hear the message as soon as reasonably possible.

Respectful communication honors the worth of the individual and his/her value to the community.

Direct, timely and respectful communication is best achieved when:

- » Adults model communication strategies that students are expected to use.
- » Anyone initiating a conversation goes directly to the person involved initially to discuss the issue one-on-one. Should there be shared concerns, each individual shall be expected to follow this procedure with a one-on-one discussion.
- » Anyone who is approached with information regarding another person shall redirect the person or persons to the party concerned before any interaction whatsoever occurs in accordance with the statement above.
- » Communication is intentionally constructive and values the individual or his/her viewpoint.
- » Everyone in the community utilizes and encourages this process.
- » People communicate candidly with each other.
- » People communicate politely with each other.

The DJUSD and DTA believe that positive relationships will exist when everyone in the school community utilizes and encourages these practices.

- The DJUSD and DTA agree that matters of concern that will never rise to the level of a complaint may be taken to an administrator. DTA acknowledges that administrators have the discretion of whether to advise the bargaining unit member if the concern is not serious.
- The administrator will give a copy of any written complaint, including a complaint completed on the District Complaint Form, to the DTA member as expeditiously as possible, and not later than 3 work days after receiving the information.
